## About me:

Full stack developer with more than 5 years of experience in Web application development, UX, and motion graphic design. I learn constantly and continue to be a lifelong learner to stay relevant and increase my areas of expertise.

## Work Experience:

### Infosys

Role: **Specialist Programmer – L2**

Mar 2020 – Present

- Designed and developed a CRM platform for a large US based insurance company using technologies like Angular 12, NodeJS, NestJS, Docker, Kubernetes
- Worked in an agile team and familiar with tools like JIRA
- Rated as “Exceeded expectations” during all my appraisal cycles till date

Role: **Technology Analyst**

Jan 2017 – Feb 2020

- Designed and developed multiple full-fledged web applications from scratch by mentoring a team of four
  - Designed and developed a chatbot testing platform using Angular 7+ and Spring boot.
  - Designed and developed a sophisticated video personalization studio. It has options to add annotations on top of a video, rich timeline control options, ability to export entire configuration as JSON file, etc.
  - Designed and developed a rich video player with personalization options and filed a US patent for the same.
- Developed various portals, demo applications for our products with complex layouts
- Interacted directly with clients from US, UK and shared deliverables on time

Role: **Graphic, Motion and Web Designer**

Feb 2016 – Jan 2017

- Designed product portals and studio **prototypes** using Adobe Illustrator and Photoshop
- Designed motion graphic videos based on client requirements
- Used Adobe After Effects for designing videos
- Videos have been designed and delivered within timeline with quality

Role: **Systems Engineer Trainee**

Sep 2015 – Feb 2016

- Completed 6 months training at Infosys Global Training Centre, Mysore
- Trained in various technologies/tools like Python, Java, TIBCO and Web Technologies
- Completed the training with the High Performer badge

## Education:

Bachelor of Electrical and Electronics Engineering  
(Mepco Schlenk Engineering College, Sivakasi)

Graduated: May 2015

**GPA - 8**

Higher Secondary Education - 12th Grade  
(Sri Vidya Mandir Matriculation School, Uthangarai)

Completed: March 2011

**Percentage: 94.3%**

## Tools and Technology:

*Web:* HTML5, CSS3, JavaScript, Typescript, Angular 12, React, NodeJS, NestJS, MongoDB, Express, Jest, WebAssembly, Docker

*Mobile:* Progressive Web Apps (PWA), Flutter, Hybrid apps using NativeScript
